ID 400

- HandsFree™ convenience
- Popular ISO 7810 format (same thickness as credit cards)
- Printable surface
- Optional HiCo magstripe

trovan[®] ID 400 HandsFree™ Card

The TROVAN ID-400 transponder is well suited for use in personnel identification, in applications such as access control for high-security facilities, ski lifts, members-only clubs and facilities, as well as for corporate meal cards in cafeterias, time & attendance, etc. The ID-400 provides true hands free convenience: due to the ample reading distance achievable, the card need not be removed from the user's pocket or wallet in order to be read.

DIMENSIONS

Length: 85.6 mm (3.37 in.)
Width: 53.97 mm (2.12 in.)
Thickness: 0.76 mm (0.029 in.)

WEIGHT

6.8 g. (0.24 oz.)
